Introduction

SkilSure® S/NVQ is the pre-eminent online S/NVQ management solution. SkilSure® tracks candidates' progress against National Vocational Qualifications, allows mentors and supervisors to support candidate development as appropriate, builds and maintains candidates' portfolios of evidence to support their accomplishment, and allows assessors and verifiers controlled access to review, appraise and comment on evidence submitted in support of accomplishment.

The SkilSure® e-portfolio solution is endorsed by the UK's leading vocational awarding body, City and Guilds and is compatible with their process and quality requirements.

SkilSure® S/NVQ has been developed to meet the needs of each type of S/NVQ user and their employing organisation, including candidates, assessors, internal verifiers, centre administrators, trainers or business managers.

Since SkilSure® S/NVQ is web-based, it requires no special skills to use and no new software needs to be installed.
